

Important Information About Your Annuity Account

January 2024

To: All Annuity Plan Participants

Dear Plan Participant,

Empower Annuity Insurance Company of America “Empower” acquired the full-service retirement business of Prudential Financial Inc. “Prudential”. As a result, online access to your retirement account is scheduled to change on or around **February 5, 2024**.

In the coming weeks, Empower will be communicating with you on how the change from Prudential to Empower impacts you. You can expect to see a new website, new login information, and a new customer service telephone number from Empower.

The investment options you have **ARE NOT** changing.

The Fund Office will continue to provide you with distribution and loan applications upon request. There will be minor changes to these forms, so discard any forms you may have received in the past.

Visit <https://upgrade.empower.com> to read more about this change and watch a video on the new Empower experience, including new features, tools, and resources for participants.

The Fund Office will update the Annuity page on <https://iwtrustfund.com/annuity/> with important updates.

Sincerely,

Iron Workers District Council of Southern Ohio & Vicinity Annuity Trust
